**CAIN LAMARRE**

**Work where people matter  
and careers soar.**

Recruiting for various professional opportunities  
across Québec in all areas of legal practice.

## CAIN LAMARRE

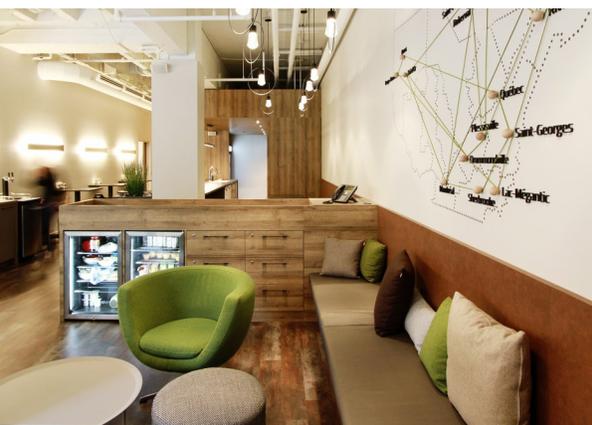

### Company Overview

Our unique structure enables us to provide the kind of approachable, community-based services no other firm can provide. Grouped together in hard-working teams in large and small centers throughout the province, our legal professionals work in synergy to provide the full range of services and expertise you expect from a leading law firm.

With more than 240 legal professionals, lawyers, and notaries on staff, Cain Lamarre is the firm best equipped to serve clients in all regions of the province.

Our Québec-wide presence allows us to keep a finger on the pulse in every region and maintain in-depth knowledge of the people, business partners, companies, and distinguishing features that make each region so unique. Which means we're better able to take into account each client's environment and realities to provide the services they need.

Having offices throughout Québec also means that our lawyers and notaries are exactly where our clients need them to be, and can act in a timely, appropriate, and more cost-effective fashion. Whichever office you deal with, you'll find the same values: approachability, simplicity, and authenticity in all our relationships, a commitment to the communities we serve, and a desire to maintain our reputation for excellence.

## **Expertise**

Our legal experts enjoy strong credibility and an enviable reputation, both among clients and within the legal community. Their ranks include eminent lawyers respected by the highest courts, influential legal advisors, bar presidents, Advocatus Emeritus, Queen's Counsel, and recipients of the prestigious Médaille du Barreau. Such is the distinguished makeup of our firm, some of whose members have been named to the bench.

## **Clientele**

In addition to our roster of institutional and corporate clients, we have extensive experience serving small and mid-sized businesses—including those active in the new economy—Aboriginal communities and populations, and a wide array of individual clients in need of legal services. No matter who they are or what their needs, our clients can count on effective, custom-tailored legal solutions at competitive rates.

## **Values**

A few years ago, we adopted a Charter of Values setting forth the principles our firm is built on: respect and fairness, professional and economic efficiency, generosity, trust and friendship, honesty and integrity, engagement, team spirit, and a sense of belonging. These values are those of our founders, and they remain very much a part of us, still guiding our actions and decisions today.

## **History**

Cain Lamarre is the result of the merger in 1999 of three well-established firms. Cain Lamarre Wells, founded in 1928 in Chicoutimi, was the oldest law firm in Saguenay-Lac-Saint-Jean, Gauthier Nepveu Leblanc, which opened its doors in Sept-Îles in 1951, was one of the most important players in the development of the North Shore, Casgrain Desrosiers Lévesque Bujold Villeneuve, a trusted name in Rimouski since 1877, was one of Canada's oldest law firms. Later, the firm, which was already present in Montréal, set up shop in Québec City, then opened offices across the province.
